https://www.youtube.com/channel/UCD1a1hf1dIkiLVSVXnmdRQg/live

Rebroadcast Schedule: Tuesday @ 7:30pm, on channels 3 & 45

I. ROUTINE BUSINESS

- 1. Roll Call
- 2. Approve Minutes of Budget Meeting of August 8, 2022 and regular meeting of August 8, 2022

Attachment I-2

3. City Manager's Report

Attachment I-3

4. Public Appearances

Public appearances is a time for persons to address the City Commission on items <u>not</u> listed on the agenda. No action may be taken on a matter raised under this item of the agenda until the matter itself has been specifically included on an agenda as an item upon which action will be taken. Each person has up to three minutes to speak. Comments made during the Public Appearance Comment period of the agenda may be on any subject. There shall be no personal attacks against the Mayor, members of the City Commission, City Staff, or any other individual.

II. CONSENT ITEMS

Matters appearing on the Consent Agenda are expected to be non-controversial and will be acted upon by the City Commission at one time, without discussion. Approval constitutes following the recommendation of the City Manager on each item.

NONE

III. OLD BUSINESS

Old business includes items that have previously appeared on the City Commission's agenda and require further consideration or action by the board.

NONE

Adoption of an ordinance is typically a two-meeting process. At the first meeting, an ordinance is introduced, and the first reading is held. During the second meeting, the ordinance is discussed by the commission and the public and then considered for adoption.

IV. NEW BUSINESS

New business items are those that have not been discussed by the Commission previously.

1. Ordinance Pertaining to Proposed 2023 Budget – Set Public Hearing

Introduction, first reading and establish September 12, 2022 as the second reading, an ordinance to appropriate monies for defraying the necessary expenses and liabilities of the City of Yankton, South Dakota, for the fiscal year beginning January 1, 2023, and ending December 31, 2023, and providing for the levy of annual taxes for all funds created by ordinance within said City

Attachment IV-1

2. Establish Road Tax Rate for 2022

Consideration of Memorandum #22-155 in support of Resolution #22-39 setting the 2022 Yankton Road Tax Rate

Attachment IV-2

3. <u>Bid Award – Jacqueline Drive & Jo Lane Water Main Replacement Project</u>

Consideration of Memorandum #22-157 regarding Bid Award for Water Main Replacement Project on Jacqueline Drive and Jo Lane

Attachment IV-3

4. <u>Amendment to 2019 Agreement with SDDOT & City of Yankton for Cedar Street Bridge Funding</u>

Consideration of Memorandum #22-156 regarding Amendment to 2019 Agreement with SDDOT and the City of Yankton for Cedar Street Bridge Funding

Attachment IV-4

5. <u>Stream Gauging Project and Grant Application</u>

Consideration of Memorandum #22-153 regarding Stream Gauging Project and Grant Application

Attachment IV-5

6. <u>Taxiway A Final Acceptance</u>

Consideration of Memorandum #22-154 regarding Final Change Order, Final Review and Acceptance, and Final Payment for the Taxiway A Rehabilitation Project

Attachment IV-6

7. Amendment to Engineering Agreement with KLJ

Consideration of Memorandum #22-158 regarding Amendment to Engineering Agreement with KLJ

Attachment IV-7

V. OTHER BUSINESS

Other business is a time for City Commissioners to address the commission regarding matters not on the agenda. These items will be deliberated by the governing body and will not be acted upon at this time. Items mentioned may be added to a future City Commission meeting or work session for deliberation or action.

VI. ADJOURN INTO EXECUTIVE SESSION TO DISCUSS CONTRACTUAL, LITIGATION AND PERSONNEL MATTERS UNDER SDCL 1-25-2

Executive or closed meetings may be held by a majority vote of the governing body for the sole purposes of:

- Discussing the qualifications, competence, performance, character or fitness of any public officer or employee.
- Consulting with legal counsel or reviewing communications from legal counsel about proposed or pending litigation or contractual matters.
- Preparing for contract negotiations or negotiating with employees or employee representatives.
- Discussing marketing or pricing strategies by a board or commission of a business owned by the City, when public discussion may be harmful to the competitive position of the business.

Any official action concerning such matters shall be made at an open official meeting.

VII. RECONVENE AS BOARD OF CITY COMMISSIONERS

1. Roll Call

VIII. ADJOURN THE MEETING OF AUGUST 22, 2022

The City of Yankton Community Meeting Room is accessible to everyone. If you have any additional accommodation requirements, please call 668-5221.

Should you have any reason to believe an open meetings law has been violated please contact the Open Meetings Commission at the South Dakota Office of the Attorney General at: 1302 E. Hwy 14, Suite 1, Pierre, SD 57501-8501 or by phone at 605-773-3215.

CHAMBER OF THE BOARD OF CITY COMMISSIONERS YANKTON, SOUTH DAKOTA CITY COMMISSION WORK SESSION, 5:30 P.M. AUGUST 8, 2022

Work Session of the Board of City Commissioners of the City of Yankton was called to order by Mayor Moser.

Roll Call: Present: Commissioners Benson, Brunick, Johnson, Maibaum, Miner, Schramm, Webber and Villanueva. City Attorney Den Herder and City Manager Leon were also present. Quorum present.

There were no public appearances at this time.

Amy Leon, City Manager, submitted the proposed 2023 City of Yankton Budget and led a general discussion of some highlights thereof while Commissioners discussed these highlights. No official action was taken at this work session.

A second night needed for the budget workshop was not requested.

The consent item to have a possible work session on August 22nd was pulled.

Action 22-203

This was the time and place for the public hearing on the application for a New Retail (on-off sale) Wine & Cider License for January 1, 2022, to December 31, 2022, from South Dakota Publishing, LLC d/b/a Muddy Mo's Coffee House (Katie Hunhoff, Owner), 233 Broadway Avenue, Yankton, S.D. (Memorandum 22-151) No one was present to speak for or against the application. Moved by Commissioner Villanueva, seconded by Commissioner Benson, to approve the license.

Roll Call: All members present voting "Aye;" voting "Nay:" None. Motion adopted.

Action 22-204

This was the time and place for the bid opening of the 2022-2023 Annual Supply of Bulk De-Icing Salt. The following bids were received and opened on July 21st at 3:00 pm: Blackstrap Inc., Neligh, NE at \$71.40 per ton and Central Salt, Lyon, KS at \$66.21 per ton. (Memorandum 22-152) Moved by Commissioner Brunick, seconded by Commissioner Webber, to award the bid to Central Salt LLC, Lyons, KS, in the amount of \$66.21 per ton for the Annual Supply of Bulk De-Icing Salt in the 2022-2023 winter season.

Roll Call: All members present voting "Aye;" voting "Nay:" None. Motion adopted.

Action 22-205

Johnson moved and Miner seconded the original resolution. Prior to a vote and after some discussion, Brunick moved to amend the original motion to set aside \$1.75 million in this restricted cash fund and Villanueva seconded this motion. Citizens Josh Svatos and Charlie Gross spoke to this restricted fund. The Commission then voted on the amendment.

Roll Call: Members present voting "Aye:" Commissioners Benson, Brunick, Johnson, Miner, Schramm, Webber, Villanueva, and Mayor Moser; voting "Nay:" Commissioner Maibaum. Amendment passes.

Then the Commission voted on the original motion as amended to approve Resolution 22-36. (Memorandum 22-150)

RESOLUTION #22-36

A RESOLUTION ESTABLISHING A RESERVE FUND FOR THE HUETHER FAMILY AQUATIC CENTER

WHEREAS, the City of Yankton has completed the Huether Family Aquatic Center ("HFAC") 505 capital project and will complete its final acceptance and closeout in September 2022; and

WHEREAS, construction costs for the HFAC capital project are lower than initially projected resulting in an abundance of private sector donations and a \$2,000,000 City-match from the general fund; and

WHEREAS, the pledged donations and City-matched funds allocated to the capital fund are not governed by bond requirements; and

WHEREAS, the City of Yankton is required to follow strict accounting standards and wishes to transfer \$1,750,000 of the \$2,000,000 City-match funds into a 202 HFAC committed cash fund; and

WHEREAS, such fund and transfer options were discussed at the Work Session Commissioner meeting on June 27th, 2022;

NOW, THEREFORE, IT IS HEREBY RESOLVED by the City Commission of Yankton, South Dakota, that the City sets aside \$1,750,000 from the HFAC construction fund's remaining balance to a committed reserve fund to be utilized for future HFAC maintenance, operations, and capital expenditures.

Roll Call: Members present voting "Aye:" Commissioners Benson, Brunick, Johnson, Miner, Schramm, Webber, Villanueva, and Mayor Moser; voting "Nay:" Commissioner Maibaum. Motion adopted.

Action 22-206

Moved by Commissioner Johnson, seconded by Commissioner Benson, to adjourn at 8:10 p.m. **Roll Call:** Members present voting "Aye;" voting "Nay:" None. Motion adopted.

VOL. 57 NUMBER 14

Commission Information Memorandum

The Yankton City Commission meeting on Monday, August 22, 2022 will begin at 7:00 pm.

Non-Agenda Items of Interest

1) Fire Department Update

The Yankton Fire Department responded to a fire at the Yankton Middle School during the afternoon of August 4th. Personnel responded initially to reports of a fire alarm sounding in the school and upgraded to a full department response when smoke was identified on the second floor. The sprinkler system activated and prevented the fire from extending past the classroom of origin; firefighters completed extinguishment of the fire and then remained on scene for a couple of hours to assist with the removal of water from the second floor to the first. Emergency Management, Yankton Police, and Yankton Public Schools staff worked together to begin the cleanup process that will help restore the school to as normal a state as possible prior to classes beginning in a couple of weeks.

2) Finance Department Update

Departments are in the process of completing their surplus property lists and submitting them to the Finance Office. Once the list has been finalized it will be determined whether or not a fall auction is warranted.

Our Lead Accountant Laurie Lockwood recently attended the 2022 Neptune CONNECT Users' Conference in order to assist the Water Department with upgrading water meters and ensure compatibility with our utility billing and financial system.

Auditors from Williams & Company out of LeMars, Iowa have prepared a 2020 Comprehensive Annual Finance Report which has been sent & approved by the South Dakota Department of Legislative Audit. This report will be presented by our auditor on September 12, 2022 at the City Commision meeting and then published in our dedicated newspaper accordingly.

Enclosed in your packet is the Monthly Finance Report for July.

3) Community & Economic Department Update

The dry conditions have meant that lawns have required less frequent mowing this summer. However, weed growth can continue at a rapid pace during dry summers even when grass is dormant. Staff has continued education and enforcement efforts with owners and renters on nuisance vegetation issues throughout the summer. Often the problem areas are easily and quickly addressed like weeds and grasses growing over sidewalks and along curbs or in areas of disturbed soil. These situations are cyclical with warm dry weather and change with temperature and moisture conditions.

4) Information Services Department Update

City Hall data wiring contractor is finished. We have transitioned over to using the new wiring for the network. We are making some additional network changes over the next few weeks as we complete the transition. Dispatch will be using the portable equipment for 911, Radio and CAD over Riverboat Days weekend. This will be an excellent test for the equipment and a great opportunity for Dispatchers to gain experience in using the equipment.

5) Library Update

Fall youth programs will resume at the library after Labor Day. We have adjusted some start times and offered an additional Stay & Play opportunity after receiving feedback from some parents. Our regular youth program schedule will be as follows:

Monday @ 6:30pm: Preschool story time Tuesday @ 10:00am: Preschool story time Tuesday @ 6:30pm: Stay & Play Wednesday @ 9:00am-11:00am: Stay & Play

Thursday @ 10:00am: Preschool story time

Thursday @ 3:45: After school programs for K-5th grade with a monthly rotation of Legos, Crafts, Movies and STEAM activities

We are continuing to work on teen, adult and family events to add to our Fall and Winter agenda. We will be continuing with some popular events and introducing some exciting new ones! Stay tuned!

6) Public Works Department Update

Street Department crews are currently working on their annual street maintenance projects. The chip seal list is currently in progress. Once chip sealing is complete, crews will return to sweep up the loose rock. Crews are also preparing the airport access road and parking lot for asphalt paving. Once the airport paving is complete, preparations will begin for paving asphalt on Dakota Street from 12th Street to 15th Street.

21st/WCLR/Summit Project

All three locations have been reconstructed and are back open to traffic. City staff will compile calculating quantities and will submit a final payment and change order for consideration of approval by the City Commission.

5th Street from Spruce to Green

The majority of the new water main has been installed. It is currently being tested. The contractor will be able to finalize the tie-ins and swap service lines, once they have passed all the testing requirements. The recent rain has set the contractor back a day or two.

Westside Park Pond Improvements

The contractor has been hauling old pond bed material off the project site. Preparations are also taking place for work to begin on the new pedestrian bridge footings and abutments as well as footings for the new retaining walls.

Meridian Bridge Column Repair

The contractor started the column repair work the week of August 8th and determined that there is more area that needed repaired than what was originally anticipated. The consulting engineer, Banner Associates, has visited the site and will be providing an updated course of action to ensure proper repairs are made to the column.

7) Police Department Update

Yankton Police Department has slowed down the hiring process after hiring 5 new officers recently. 3 of our new officers Jordan Maxon, Clayton Keown, and Brett Fishel were sworn in as Yankton Police officers and started at the South Dakota Law Enforcement Training Academy on August 22nd. The other 2 new officers, Garret Anderson and Ryan Eddy started classroom training at the police department on August 19, 2022 and will be sworn in September 16th. Adam Goodwillie also started with the Police Department on August 19, 2022 and will have a November swear in before he attends South Dakota Law Enforcement Training.

The School Resource Officers are preparing for the 2022-23 school year. They assisted the schools with testing alarms and participated in the school's all-staff meeting including looking over operational safety plans and planning for staffing of after-school activities.

8) Parks and Recreation Department Update

Enclosed in your packet is an update on the various activities in the Parks and Recreation Department.

9) Human Resources & Employee Engagement Department Update

We are still accepting application for full time Sanitation Truck Operator which is open until filled.

Twenty-three applications were received for the position of Finance Generalist and interviews have been completed. Sara VanderTuig, current Accounting Clerk in the finance department, has been promoted to the role of Finance Generalist. Sara began her new position on August 15 and will fill one of the open positions. Sandi Fox, an office manager and legal secretary for Fox & Youngberg, P.C. for the past 22 years, has been hired as a Finance Generalist. Sandi has a wide range of bookkeeping and recordkeeping knowledge plus a bachelor's degree in business management and marketing from Northern State University. Sandi will begin her new role on August 29.

Twenty-one applications were received for the position of City Manager's Assistant. Interviews will be scheduled in the upcoming weeks and a recommendation for hire will be forthcoming.

10) Environmental Services Department Update

Donnie, Laurie, and Kyle attended the Neptune users connect conference. The theme of the conference was "Know your way forward". A lot of the classes were centered around the new "Neptune 360" software which includes a customer portal. Users can upload the data hourly and see the individual customer usage. We also attended classes on the new cellular option for our conversion from Automatic Meter Reading (AMR) to Advance Metering Infrastructure (AMI). We also got great information and training on the new Mach 10 ultrasonic meter we are switching to. One of the key themes is the importance of teamwork and communication within departments and with our customers as we migrate from AMR to AMI. Part of our environmental funding package included funding for our technology upgrade related to our metering system. This will include replacement of older meters in the system, 360 cloud based software upgrade, mach 10 ultrasonic metering, and installation of fixed based antennas for meter reading.

We hosted the American Membrane Technology Association workshop in Yankton on Tuesday. Sage and Jonah attended the workshop. They had presentations at the fire hall in the morning and a tour of the City Water Plant in the afternoon. Sage presented a power point presentation of our facility in the morning and conducting a plant tour in the afternoon. Approximately 30 attendees were at the workshop. Representatives from HarnRO and Vista were also presenters. HarnRO was the contractor

that built the membrane units at our facility and Vista was the manufacturer of the membranes themselves.

11) Monthly reports

Joint Powers Solid Waste monthly reports are included for your review. Minutes from the Airport Board are also included.

Have an enjoyable weekend and do not hesitate to contact us if you have any questions about these or other issues. If you will not be able to attend the Commission meeting on Monday, please inform my office.

Sincerely,

Amy Leon City Manager

PARKS

Saturday, August 13- Adult Co-ed Softball end of season tournament held in Sertoma Park.

Thursday nights' Music at the Meridian concert series is ongoing. Luke has been working with the Meridian District Art Project to be able to offer the community mural and tile painting on Thursday nights again this summer. The crowds have been great this summer.

Luke has been working with the outside organizations, their special event applications and the events as he familiarizes himself with the process. He is also working with Kristin, in IT, to get ideas for updating the handbook and electronic application this fall.

The ball fields at Sertoma Park, Summit Activities Center, and Riverside Park are being dragged and prepared each weekday according to practice and game schedules submitted to the Parks Department.

The Parks Department will be working with the youth soccer association, as it will need to utilize numerous green spaces in the parks system as it plans for its annual fall tournament, September 9, 10, and 11.

The parks staff has and will be moving picnic tables, trashcans, barricades, and other needed items for the events that take place in the community over the coming months. This includes Riverboat Days as well.

COMMISSION INFORMATION MEMORANDUM

FROM: TODD R. LARSON, DIRECTOR OF PARKS, RECREATION,

& CITY EVENTS

SUBJECT: YEARLY RIGHT-OF-WAY STREET TREE REMOVAL PROGRAM

DATE: 8/17/2022

This is a yearly memo that is sent to the City Manager, the Public Works director, and Parks Department staff. The memo relates to the City's tree ordinance and specifically trees located in street right-of-ways. City staff would like the City Commission to be aware of the policy and procedures as we move toward the finalizing of the tree removal list (by the end of October) and then the winter season when the trees are taken down.

City staff will do a citywide evaluation of right-of-way trees in September and October in which a list of trees that are dead, diseased, or hazardous is compiled. Trees which are placed on the removal list, because they are dead, diseased, or hazardous, are the responsibility of the City per the tree ordinance and will be removed by the City when work schedules permit. If a tree needs to be removed immediately due to safety concerns, and the City crews are unable to fit the project into their work schedule, the City will pay for a contractor to remove the tree. Any stumps from the trees that the City or its hired contractor has removed are also the responsibility of the City per the tree ordinance and need to be removed.

Any routine maintenance of the trees found in the street right-of-ways is the responsibility of the adjoining property owners. If an adjoining property owner is notified that a tree needs to be trimmed (to meet ordinance on height clearance above streets or sidewalks, or to remove a branch that blocks ROW signs), the property owner will have 30-days to complete the work. After 30-days of non-compliance, the City will hire a contractor to perform the trimming and the costs will be assessed to that adjoining property owner.

Any time traffic signs are blocked by tree branches, and safety is compromised, the tree branch should be removed immediately by the City crews or contractor.

Trees in City owned ROW or other City owned property that do not meet the ordinance for clearance above streets and/or sidewalks should be trimmed to comply with the tree ordinance.

Thank You.

Todd R. Larson

City of Yankton

Airport Advisory Board Meeting Minutes For July 20th, 2022

The July 20, 2022 Airport Advisory Board Meeting was called to order at 8:00AM by Chairman Jim Cox.

ROLL CALL:

Present from the Airport Advisory Board: Jim Cox, Dan Specht, Rick Daugherty, and Jake Hoffner.

Present from the City of Yankton: Mike Roinstad, Adam Haberman, Brad Moser, and Brooke Goeden.

Attending from General Public: Chris Nelson and John Halsted.

Unable to attend: Steve Hamilton, Mary Boyer, and City Commission Representative Tony Maibaum.

Minutes from April 20th, 2022

22-05 MOTION -- It was moved by Specht and seconded by Hoffner to approve the minutes of the April 20th, 2022.

VOTE - Voting "Aye" - all members present. Voting "Nay" - none.

MOTION – PASSED

Monthly Fuel Report

Mike Roinstad provided the monthly fuel report for May 2022. In May 2022, there were 73 transactions, totaling 4,374.0 gallons sold. For comparison, in May 2021, there were 70 transactions, totaling 4,135.90 gallons sold.

Additionally, in June 2022, there were 65 transactions, totaling 5,718.7 gallons sold. For comparison, in June 2021, there were 100 transactions, totaling 5,675.00 gallons sold.

Staff Report

Adam Haberman gave an update on the airport parking lot project and stated the entrance road has been torn up and removals are completed. Masonry Components will be handling the curb and gutter. Also, Northwestern Energy is looking into installing new lighting. More updates to follow.

Taxiway "A" Rehab Project Update

Adam Haberman provided an update on the Taxiway "A" Rehab Project and stated project has been completed. Project close out reports are in progress.

2022 Oshkosh Air Show – July 25th – 31st

Airport Manager, Mike Roinstad, stated that as part of the upcoming Oshkosh Airshow, YKN Airport will be featuring a \$0.50/gallon discount on fuel starting Thursday, July 21, 2022. This fuel promotion will last for 10 days. Also during this time, Roinstad and his wife will be providing food for pilots, crew and passengers who make their way to Oshkosh via Yankton.

Other Business

Adam Haberman stated the 5-year having lease will be up for renewal beginning in 2023. Staff will handle bids and contracts.

Election of Officers

Jake Hoffner made a motion stating that the Chairman and Vice Chairman should remain the same for the next term. Hoffner also made a motion to close the nominations. Dan Specht seconded both motions. As a result, Jim Cox remains the Chairman of the Airport Advisory Board and Steve Hamilton will remain the Vice Chairman of the Airport Advisory Board.

Adjournment

22-06 MOTION –It was moved by Daugherty and seconded by Hoffner to adjourn the meeting. **VOTE** – Voting "Aye" – all members present. Voting "Nay" – none.

Meeting adjourned at 8:42AM.

Respectfully Submitted,

Adam Haberman, Secretary

ORDINANCE NO . 1064

AN ORDINANCE APPROPRIATING MONIES FOR DEFRAYING THE NECESSARY EXPENSES AND LIABILITIES OF THE CITY OF YANKTON, SOUTH DAKOTA, FOR THE FISCAL YEAR BEGINNING JANUARY 1, 2023, AND ENDING DECEMBER 31, 2023, AND PROVIDING FOR THE LEVY OF THE ANNUAL TAX FOR ALL FUNDS CREATED BY THE ORDINANCE WITHIN SAID CITY.

BE IT ORDAINED by the City of Yankton, South Dakota

That thereby and hereby is appropriated by the Board of Commissioners of the City Yankton, South Dakota, for the year commencing the first moment of the first day of January 2023, the following sums of money for the purposes, which are deemed necessary to defray all necessary expenses and liabilities of the City of Yankton, South Dakota, to wit:

SECTION VI - TAX LEVY

That there is hereby levied upon all taxable property within said City of Yankton, South Dakota, for the purposes of providing funds to meet the lawful expenses and liabilities of the City of Yankton, South Dakota, as herein set forth for the fiscal year of 2023, a tax sufficient to raise \$3,189,797 in regular property taxes, which as received by the Finance Officer shall be credited to the General Fund, and an additional \$175,000 in opt-out property taxes which will be used for the annual debt service requirement for the Second Fire Station, and an additional \$884,043 in opt-out property taxes which will be used for the annual debt service requirement for the new aquatics center to Fantle-Memorial Park

That the Finance Officer of the City of Yankton be and hereby is authorized and directed to certify the said regular tax levy, \$3,189,797 and the opt-out levies, \$175,000 and \$884,043 to the County Auditor of the County of Yankton, South Dakota, to the end that the same may be spread and assessed as provided by law.

SECTION VII - EFFECTIVE DATE

This Ordinance being necessary for the support of the government of the City of Yankton and its existing institutions shall take effect upon its passage and publication.

Subject: 2022 Yankton Road Tax (YRT) Resolution of Necessity

Date: August 16, 2022

The attached Resolution of Necessity #22-39 establishes the Yankton Road Tax (YRT) assessment rate to be applied for in 2022 and collected in 2023. The annual assessment to properties is reviewed each year in conjunction with the City of Yankton budget preparation.

The YRT Resolution of Necessity #22-39 provides for the maintenance of the City of Yankton streets. This resolution sets the rate at which property will be assessed for maintenance items such as grading, crack filling, spall repair, patching, chip sealing and other items that are accomplished on the City street system annually.

City staff recommends that there be no change to the rate, at this time. The anticipated annual revenue received at the established 50 cents per foot rate, is \$432,619.43. The rate will be applied consistent with the procedure outlined by state law.

Respectfully submitted,

Brudly Moser

Bradley Moser Civil Engineer

Recommendation: It is recommended that the City Commission adopt Resolution of Necessity #22-39, which establishes the Yankton Road Tax (YRT) assessment rate, for 2022.

> I concur with the recommendation. I do not concur with the recommendation. City Manager

Adam Haberman, Public Works Director

Roll call

RESOLUTION OF NECESSITY #22-39 (Yankton Road Tax)

WHEREAS, the Board of City Commissioners of the City of Yankton has deemed that the City streets, alleys and roadways must be properly reconstructed and repaired, and;

WHEREAS, the City of Yankton's streets are repaired by grading, crack filling, spall repair, patching and chip sealing, and;

WHEREAS, a yearly inventory of City streets is conducted in order to determine the streets in need of repair,

NOW, THEREFORE, BE IT RESOLVED, that for the purpose of maintaining and repairing the streets, and surfacing thereof, that an assessment of fifty cents per front foot be levied upon all parcels or portions of parcels fronted or abutting streets and fifty cents per front foot be levied upon parcels or portions of parcels fronted or abutting alleys within the City of Yankton.

The City Finance Officer is hereby directed to certify such assessments together with the regular assessments for 2022, collectable in 2023, to the County Auditor to be collected as municipal taxes for general purposes.

Subject: Bid Award for Water Main Replacement on Jacqueline Drive and Jo Lane

Date: August 16, 2022

The bid opening for the Jacqueline Drive and Jo Lane water main project was August 11, 2022. There was only one bid received. The project involves removing the existing street pavement, installing new water main and preparing the base for asphalt pavement.

The bid received is listed below:

1. Feimer Construction, Inc., Yankton, SD

\$88,310.00

The low bidder meets the specifications and is \$21,556.00 lower than the most recent Engineer's estimate of \$109,866.00. This amount is under what was budgeted for the project.

Even though there was only one bid, staff is pleased that it is a contractor with which we are very familiar. Based on their work history, City staff recommends that they be awarded the contract in the amount of \$88,310.00.

Respectfully submitted,

Bradley Moser Civil Engineer

Recommendation: It is recommended that the City Commission award the contract to Feimer Construction, Inc., in the amount of \$88,310.00, as explained in Memorandum #22-157.

I concur with the recommendation.

I do not concur with the recommendation.

Subject: Amendment to 2019 Agreement with SDDOT and the City of Yankton for Cedar

Street Bridge Funding

Date: August 16, 2022

In 2019, the State of South Dakota received funding based on the percentage of total deck area of bridges classified in poor condition through the 2019 Highway Infrastructure Program Funding Allocation – Bridge Replacement and Rehabilitation Program. The statewide local share of the funding allocation received was \$17.313 million. The State converted the local share to State Highway Funds and distributed funds on a pro-rata basis based on the percentage of deck area in poor condition as reported on the National Bridge Inventory as of December 31, 2017. Eligible expenditures of the funds include bridge replacement, rehabilitation or preservation projects, funding match to Federal Emergency Management Agency funds, funding match for Bridge Improvement Grant funds, and funding match for Emergency Relief Program funds. In August of 2019, the City approved and entered into a State of South Dakota Department of Transportation Funding Agreement that awarded \$103,871.63 to be used to replace or rehabilitate the Cedar Street Bridge over Marne Creek. The agreement outlined that funds shall be expended by the City within three (3) years from the date of transfer of the funds.

In 2020 the City of Yankton received a Preliminary Engineering Bridge Improvement Grant (PE BIG) to complete preliminary engineering design for the replacement of the Cedar Street Bridge. The estimated City cost share of the \$73,300 preliminary engineering design would be \$44,100. The 2019 Bridge Replacement and Rehabilitation Program funding the City received has been used towards match for the 2020 PE BIG project. The 2020 PE BIG project has taken longer than anticipated, therefore the 2019 Bridge Replacement and Rehabilitation Program funding has not been fully expended. The State of South Dakota has agreed to amend the 2019 Agreement to allow the City of Yankton an additional three (3) years to expend the funding for the Cedar Street Bridge.

Attached is Amendment Number 1 to Agreement Number 716921, which extends the date by which the City must expend the 2019 Highway Infrastructure Program Funding Allocation – Bridge Replacement and Rehabilitation Program funding to December 31, 2025.

Respectfully submitted,

Adam Haberman, PE Public Works Director

Roll Call

Recommendation: It is recommended that the Yankton City Commission authorize the City Manager to sign the State of South Dakota Department of Transportation Funding Agreement Amendment Number 1 to Agreement Number 716921 as outlined in Memorandum #22-156.

I concur with the recommendation.

I do not concur with the recommendation.

Anny Leon
City Manager

AMENDMENT NUMBER <u>1</u> AGREEMENT NUMBER 716921

BACKGROUND:

- On August 29, 2019, the State of South Dakota, acting by and through its Department of Transportation, referred to in this Amendment as the "STATE," and City of Yankton, referred to in this Amendment as the CITY, entered into a Funding Agreement, which is referred to in this Amendment as "AGREEMENT," and which was signed by representatives of each party and assigned agreement number 716921 by the STATE.
- 2. Since the execution of the AGREEMENT, other bridges in addition to those listed in Exhibit A to the AGREEMENT have been classified in poor condition. The parties wish to amend the AGREEMENT to allow these additional bridges to qualify for funding.

THE PARTIES MUTUALLY AGREE AS FOLLOWS:

- 1. The AGREEMENT is amended to authorize expenditures for replacement or rehabilitation of bridges that do not appear on Exhibit A to the AGREEMENT, provided that the STATE'S Office of Administration has confirmed to the CITY, in writing, that the subject bridges are classified in poor condition.
- 2. Paragraphs 4. and 5. of the AGREEMENT are amended to read as follows:
 - 1. The CITY will submit project estimates for the bridges to be funded under this Agreement and file an annual report with the STATE on the progress of the bridge work and expenditures. The CITY will send annual reports by January 31st of each year to the Bridge Inspection Engineer, South Dakota Department of Transportation, Office of Administration, 700 East Broadway Avenue, Pierre, South Dakota 57501. The CITY will send the annual reports until all projects funded under this AGREEMENT have been completed and fully reported to the STATE.
 - 2. If any funding transferred to the CITY under this Agreement is not expended by the CITY by December 31, 2025, the CITY will return the unused funding to the STATE by February 28, 2026. The annual report due on January 31, 2026, shall identify any unexpended funds.
- 3. Except as specifically modified by this Amendment, all terms and conditions of the AGREEMENT will remain in full force and effect.
- 4. The CITY has designated its Mayor as the CITY'S authorized representative and has empowered the Mayor with the authority to sign this Amendment on behalf of the CITY. A copy of the CITY'S minutes or resolution authorizing the execution of this Amendment by the Mayor as the CITY'S authorized representative is attached to this Amendment as **Exhibit 1**.

This Amendment is binding upon the signatories not as individuals, but solely in their capacities as officials of their respective organizations and acknowledges proper action of the STATE and the CITY to enter into the same.

Subject: Stream Gauging Project and Grant Application

City staff has been in dialog with the South Dakota Department of Agriculture and Natural Resources (DANR) about installing stream gauges along Marne Creek adjacent to or in the City of Yankton. Following several months of productive conversions, DANR has prepared a Memorandum of Agreement whereby DANR would fabricate and install the stream gauges. The City of Yankton would be responsible for the initial cost of materials to build the sensors and for minor on-going maintenance and calibration of gauges for their useful life. One gauge would be placed upstream above where Marne Creek enters the community and one further below, nearer the confluence with the Missouri River.

The two primary goals of the project are to enhance warning and response to flooding situations and to collect data for long term planning and mapping purposes. Marne Creek doesn't currently have any static gauges or gauges that record data. This project seeks to leverage partnerships to improve public safety and data collection. The two electronic gauges would be equipped to gather data and transmit that data via satellite to the National Weather Service to incorporate into their flood forecast and warning system. Those gauges would provide both the general public and emergency personnel with reliable access to nearly real time data about flooding conditions. In addition they would record that data for use in long term planning and flood mitigation efforts. The data will allow for better modeling to be used in the creation of more accurate flood risk maps.

In addition to the state-partnership gauges, we also propose installing additional staff gauges at points along Marne Creek. Staff gauges are physical measuring tools affixed to permanent structures along the creek that are read visually by an observer, similar to large rulers. Those lower-tech stream monitors allow for additional data points for longer term analysis and real time measurement in flooding events.

Staff estimates the total project cost to be \$23,273.64 including in-kind staff installation and maintenance of the gauges and commitments from DANR. The City's cash match can come from the previously budgeted 506 Trail & Drainage Improvements line item in the Capital Budget. City staff recommends seeking \$10,000 funding for the project through the James River Water Development District (JRWDD). Similar stream monitoring projects have been funded by JRWDD in the past and this project seems well suited to the grant criteria.

Respectfully submitted,

Brad Bies

Community and Economic Development Manager

Roll call

Recommendation: It is recommended that the City Commission approve Memorandum #22-153 including authorizing the City Manager to sign the James River Water Development District grant application, DANR Memorandum of Agreement, and other associated documents related to the stream gauge project through completion.

I concur with the recommendation.

I do not concur with the recommendation.

Amy Leon

(x) Construction					

Brief Project Description:

The City of Yankton is proposing to install a series of stream monitoring devices along Marne Creek. The two primary goals of the project are to enhance warning and response to flooding situations and to collect data for long term planning and mapping purposes.

Marne Creek doesn't currently have any static gauges or gauges that record data. This project seeks to leverage partnerships to improve public safety and data collection. The City of Yankton is proposing to partner with the South Dakota Department of Agriculture and Natural Resources (DANR) to install two gauges that will be equipped to gather data and transmit that data via satellite to the National Weather Service to incorporate into their flood forecast and warning system. The gauges will serve both the general public and emergency personnel in flooding situations to have reliable access to nearly real time data about flooding conditions. In addition it will record that data for use in long term planning and flood mitigation efforts. The data will allow for better modeling to be used in the creation of more accurate flood risk maps. The system will be designed and fabricated by SD DANR and the City of Yankton will prepare the site and coordinate the installation of and be responsible for cost of the long term maintenance of the instruments.

In addition to that state-partnership gauges the City is proposing to install additional staff gauges that will collect similar data at points along Marne Creek. Staff gauges are physical measuring tools affixed to permanent structures along the creek that are read visually by an observer, similar to large rulers. Those lower-tech steam monitors allow for additional data points for longer term analysis and real time measurement in flooding events.

The City of Yankton will assume all annual costs of maintenance, repair and calibration.

Please Explain Benefits to Water Quality:
Understanding the hydrology of Marne Creek allows for better planning and development decision making. Understanding the flood stages and volume of water moving through the channel allows for better planning and implementation of hazard mitigation and stream bank improvements that reduce erosion and negative impacts of flooding.
Places Evaluin Economic Panafits of Project:
Please Explain Economic Benefits of Project:
Accurately measuring risk is critical to building and development. Better data will allow local leaders and the risk mapping of flood related risk. Good data allows for better more accurate models and maps. In turn those models and maps help steer development to areas reasonable safe from flooding and discourage development in risk prone areas where property damage and loss is more likely. It also allows public infrastructure designs that promote resiliency and limit costly damage in the long run.
Please Explain Wildlife Benefits of Project:
Carefully planning development helps preserve and promote healthy ecosystems along the creek. Discouraging development in flood prone areas allows those same areas to support the appropriate plant and animal life. In turn those ecosystems provide a natural buffer and filter reducing the impacts of erosions and large weather events.

Please Explain Benefits to Social, Recreational a	and Cultural Resources:
Similarly the data collected allows for planning open space an that both reduce the risk of damage from flood and create ap same areas are attractive to residents of the community.	d park areas along the creek
Please Explain Administrative & Logistics of Pro	ject:
The City of Yankton will be the project manager. City staff in a staff will prepare the site and install the stream gauge equipm and staff gauges will be installed by City staff and/or utilize conplacement of the instruments.	nent. The other monitors

SD DANR Bridge Stage Monitoring Equipment Installation Information

The South Dakota Department of Agriculture and Natural Resources (SD DANR) has installed stage monitoring equipment across the State over many rivers and some lakes. Many of these sites can be found on the National Weather Services Advanced hydrologic Prediction Service web site at: https://water.weather.gov/ahps/

The typical stage monitoring system (as seen in the picture below) consists of:

- A metal frame with several mounts preferably connected to a bridge rail or in some cases anchored into the concreate if no bridge rail is available.
- A stainless-steel enclosure with DANR's contact displayed on the lid.
- Inside the stainless-steel box is another watertight enclosure containing a data recorder, battery, and radio transmitter.
- A solar panel preferably facing south.
- A Radar Level Sensor (RLS) unit facing the water.
- A small GPS unit and radio antenna mounted to a cylindrical frame.
- A wire weight box mounted near the stage monitoring equipment.

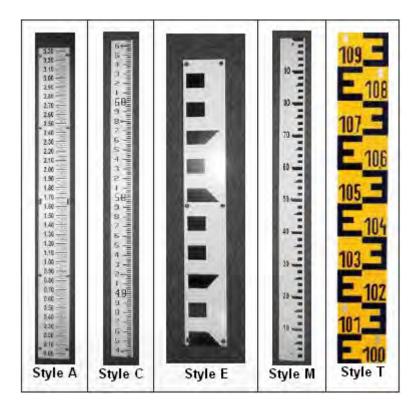

What is a staff gage?

A staff gage is a long ruler placed in a water body that is used to measure water surface elevation or just to determine the rise/fall of the water surface over time.

Setting up a staff gage:

- 1. Find a sturdy fence post or pipe to use as the post of the staff gage. It needs to be able to hold up against high water or wind, but also not be too heavy to carry and set it easily. A 2x8 wooden board works well. Bolt the board to the post.
- 2. Obtain numbers for the gage. Porcelain or metal numbers can be bought from a number of vendors. The staff gage can start at whatever number desired. The below photo shows some types of number plates that can be used for staff gages. If no number plates are available, a simple staff gage can be made using lath and a marker. Using a tape measure, draw the scale and numbers on the lath. This type of gage will only provide temporary service, but can be useful for backwater areas during a flood.

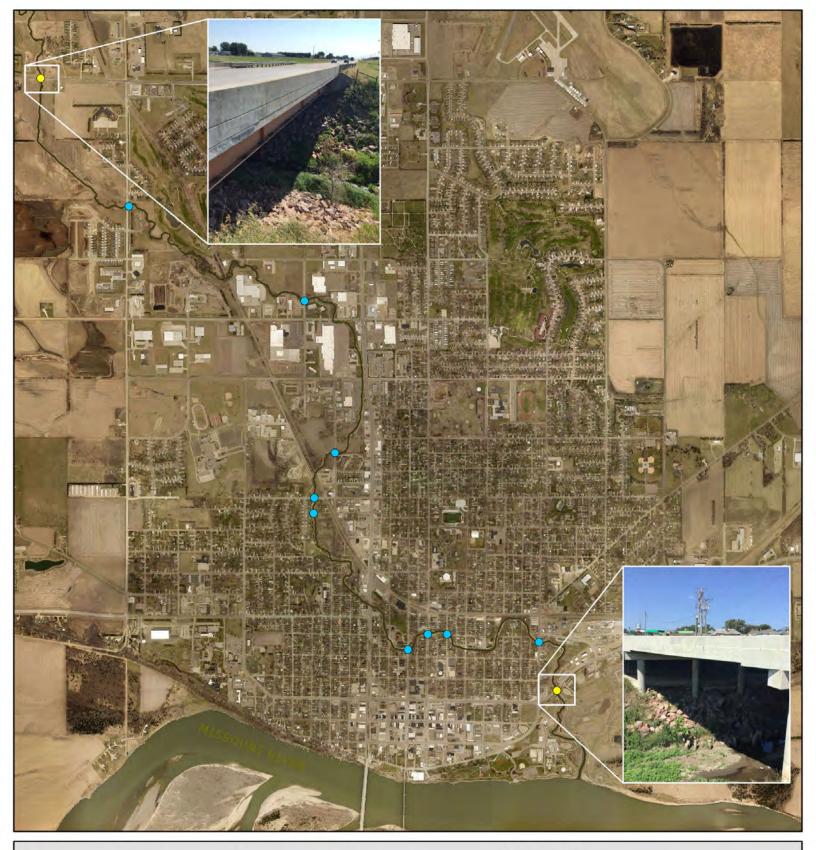

Attach the numbers to the staff gage board using screws or nails as available.

3. Choose a specific location for the staff gage. A good location is where the post will be in the water during lower water years and where it won't be overtopped during high water years. Avoid placing the staff gage in a location where the water pools or is very slow moving, because sediments will collect around the base of the staff gage and affect readings. If there is a permanent structure such as a dock or bridge near the desired staff gage location, the gage can be attached to that structure instead of using a fence post driven into the stream or lake bed. If it is desired to tie the staff gage into a given elevation marker, place the staff gage near the existing benchmark (place of established elevation) for ease of surveying.

- 4. The next step is setting the staff gage. Drive the fence post or pipe into the ground so that it will stay stable through high water or bad weather. If using a fence post driver, only fasten the board to the post using one bolt and let the board rest perpendicular to the post. This will allow the top part of the post to be used with the fence post driver. Once the post is set refasten the board onto the post.
- 5. If it is desired to tie the gage into an existing benchmark so it can be used to find the water surface elevation, follow the steps below:
 - a. Surveying equipment like a tripod, a leveling instrument, and a rod will be needed to survey the staff gage into the benchmark. Set up the tripod and attach the leveling instrument. Level the instrument using the three knobs under it.
 - b. Have a partner take the rod and place it on the benchmark, BM, location, then read the rod through the instrument. This is called your back sight reading, BS. The number read from the rod added to the known elevation of the benchmark is called the height of the instrument, HI. (HI = BM + BS).
 - c. If the benchmark is far enough away from the staff gage location that it cannot be seen from the level, move the rod to an intermediate point. Place the rod on a concrete corner or somewhere that can be marked and used as a reference in the future. Take a reading through the instrument and subtract that number from the height of the instrument previously calculated. This is called the foresight reading, FS. This will give a temporary benchmark elevation, TBM. (TBM = HI FS). Now use this TBM as a new benchmark and repeat the process as many times as needed to reach the location of the staff gage. Before each iteration of these steps, the tripod will need to be moved and the instrument re-leveled (called 'breaking set').
 - d. Once the staff gage is reached, hold the rod against the gage with the bottom at the water surface to take a reading. The TBM calculated at this location will be the elevation of the water surface. Correlate that elevation to the number shown on the staff gage to tie your staff gage into the existing benchmark and be able to read the elevation from the staff gage.

When finished setting the staff gage, it will provide a quick and easy way to check changes in water level for anyone going past the gage.

Subject: Final Change Order, Final Review and Acceptance, and Final Payment for the Taxiway

A Rehabilitation Project

Date: August 15, 2022

The Chan Gurney Municipal Airport Taxiway A Rehabilitation Project has been completed by Screed Tech and is ready to be accepted.

The project work items included removing & replacing joint sealant, full depth concrete repairs, partial depth concrete repairs, sawing & sealing random cracks, filling small surface holes with epoxy, permanent pavement markings, and airside traffic control.

As seen in the attached Change Order No. 2 - Final, changes in quantities resulted in a net decrease of \$1,674.50. This adjusted the construction cost from \$225,712.50 to \$224,038.00. Since the project was completed well in advance of the contract deadline, there were no liquidated damages assessed.

KLJ consultants and City staff have reviewed the project, Change Order No. 2 – Final, and Payment Estimate #3 - Final. It is recommended that Final Change Order be approved, that the project be accepted and that the City Finance Officer be authorized to issue a manual check in the amount of \$35,158.15, to Screed Tech LLC based on the attached final pay request.

Respectfully submitted,

Adam Haberman, PE Public Works Director

Recommendation: It is recommended that the City Commission approve Change Order No. 2 - Final and Payment Estimate #3 - Final, authorize the City Manager to sign the Final Review and Acceptance form for the completed Taxiway A Rehabilitation Project, and authorize the Finance Officer to issue a manual check to Screed Tech LLC in the amount of \$35,158.15, as detailed in Memorandum #22-154.

I concur with this recommendation.

I do not concur with this recommendation.

Amy Leon, City Manager

Subject: Amendment to Agreement for Professional Services with KLJ Engineering for

Taxiway Rehabilitation Project

August 17, 2022 Date:

In February of 2022, the City of Yankton entered into an Agreement for Professional Services with KLJ Engineering for the Taxiway A Rehabilitation Project at the Chan Gurney Municipal Airport. The Agreement for Professional Services was developed and executed for design, construction administration & observation, and closeout services at the beginning of the project. Therefore, KLJ was required to make scope and budget assumptions for the Construction Administration & Observation services as final project work description and construction schedules were not yet developed. Preliminary scoping of the project estimated a 4-week project construction schedule, which did not include full depth concrete repairs. After the design site inspection and as design commenced, it was determined that the concrete pavement needed multiple full depth repairs. Full depth repairs add additional time to the construction schedule as well as additional review time and test report monitoring. The addition of the full depth repairs increased the construction schedule from 4 weeks to 7 weeks, which added to the construction administration and observation.

Attached is an Amendment to Agreement for Professional Services with KLJ Engineering for Taxiway A Rehabilitation. The amendment provides KLJ with additional compensation for the time and costs for the added full depth repairs needed in the project. The amendment amount is \$12,127.03, which makes the adjusted agreement amount total \$63,317.88.

Respectfully submitted,

Adam Haberman, PE

Public Works Director

Recommendation: It is recommended that the City Commission approve the Amendment to Agreement for Professional Services with KLJ Engineering and authorize the City Manager to sign and administer the project documents as explained in Memorandum #22-158.

I concur with the recommendation.

I do not concur with the recommendation.

Anny Leon
City Manager

Amendment to Agreement for Professional Services

Project # 2205-00315	Amendment #	1
----------------------	-------------	---

Background Data

a.	Effective Date of Agreement for Professional Services		March 1, 2022
b.	Engineer	KLJ Engineering LLC	
c.	Owner	City of Yankton	
d.	Project	Taxiway A Rehabilitation	
e.	This Part of the Project	Task 3 – Construction Administration & Obs	ervation

Nature of Amendment (check all that apply)

\boxtimes	Additional services to be performed by Engineer
	Modifications to services of Engineer
	Modifications to responsibilities of Owner
\boxtimes	Modifications to payment to Engineer
П	Modifications to time(s) for rendering Services

Description of Modifications

The Agreement for Professional Services was developed and executed for design, construction administration & observation, and closeout services at the beginning of the project. Therefore, KLJ was required to make scope and budget assumptions for the Construction Administration & Observation services as final project work description and construction schedule were not yet developed. This amendment adjusts the task budget to account for the final project work description and construction schedule developed during final design as follows:

- Preliminary scope was planned as only joint sealant, some minor cracks to saw/seal, partial depth repairs (spalls),
 and remarking centerline. After our design site inspection, we found that the concrete pavement needed multiple
 full depth repairs. Full depth repairs add additional time to the construction schedule from our preliminary
 assumptions as well as require additional submittal review time and test report monitoring.
- In the design phase, KU and the airport determined that 4 phases would be needed for the Construction Safety and Phasing Plan (CSPP) to phase the portions of construction for safety and allow for the best traffic flow with least amounts of back-taxiing on the runway when closing the parallel taxiway. The 4 phases increased the working day schedule set up in the Construction Plans from our preliminary assumptions.
- Scope assumption for construction schedule included 4 weeks of on-site inspection and the actual on-site inspection lasted approximately 7 weeks.

Agreement Summary

a. Original Agreement amount	\$51,190.85
b. Net change for prior Amendments	\$0.00
c. This Amendment amount	\$12,127.03
d. Adjusted Agreement amount	\$63,317.88

Engineer and Owner hereby agree to modify the above-referenced Agreement as set forth in this Amendment. All provisions of the Agreement not modified by this or previous Amendments remain in effect. The Effective Date of this Amendment is August 16, 2022.
